3rd Annual
Echo Florida:
Contemporary Echocardiography
FINAL PROGRAM

October 12 - 14, 2014

Echocardiography at the Point of Care:
Focused Echocardiography Symposium:
October 11

Learning Lab: October 11

Disney’s Grand Floridian Resort
Walt Disney World®, FL

Comprehensive review of echocardiography, including
a special symposium on focused cardiac ultrasound.

Course Director:
Michael H. Picard, MD, FASE
Past President, ASE
Massachusetts General Hospital
Harvard Medical School
Boston, MA

Course Co-Director:
Rebecca T. Hahn, MD, FASE
Columbia University
New York, NY

Learning Lab Director:
Marti L. McCulloch, MBA, BS, RDCS, FASE
Houston, TX

Jointly provided by ASE and the ASE Foundation
Welcome Message

Welcome to our third annual Echo Florida: Contemporary Echocardiography course, an educational offering from the American Society of Echocardiography (ASE). The goal of Echo Florida is to introduce the newest applications of echocardiography, while still reviewing the established uses of our technique. There will be numerous case examples highlighting the use of echocardiography for clinical decision making in your practice.

This course is divided into several sections.

Saturday we will have two simultaneous preconference sessions. The first session is devoted to hand held echocardiographic devices, with brief lectures followed by an afternoon of interactive hands-on training. This session is geared toward those who may not have much experience with these devices and are not necessarily echocardiographers. We have limited enrollment so that we can keep this session intimate and allow everyone sufficient time for hands-on use of the equipment.

The second Saturday session is our Learning Lab. This computer based workshop is also limited so attendees can receive hands-on training on quantitative echocardiography, including 3D echocardiography, assessment of systolic and diastolic ventricular function and assessment of valve function.

Our main course, Sunday through Tuesday will focus on utilization of echocardiography in coronary artery disease, heart failure and valve disease. During the valve disease sessions we will also cover structural heart disease interventions. All attendees will gain greater insight into the role of echocardiography in these new percutaneous interventions, including transcatheter aortic valve replacement and percutaneous mitral valve repair.

In the afternoons we have scheduled case-based workshops. During these sessions, you will see hundreds of actual cases illustrating various clinical scenarios and conundrums where echo helps in the clinical decision making.

Back this year are two very popular sessions. On Monday afternoon we will have a comprehensive discussion of adult congenital heart disease, covering all you need to know whether you are a novice or expert in this field. On Tuesday morning before lectures begin, we will hold our chalk talks with master teachers. Join award winning ASE educators in an informal session where they will take questions from the audience and discuss any topics that are of interest.

Orlando is a great place to bring your family for fun and entertainment. I hope that Echo Florida will become one of your favorite ASE courses. I welcome your suggestions for future speakers and topics.

I look forward to seeing you here in Orlando at Echo Florida, and please plan to join me at the welcome reception on Monday, October 13th at 5:00 pm in the Exhibit Hall (bring your guests).
Program Overview
The Echo Florida course is a comprehensive review of cardiovascular ultrasound in clinical practice. The faculty is composed of experts who will discuss the strengths and limitations of established and emerging technologies and illustrate how these technologies can be used to improve and streamline patient care in a cost-conscious manner.

Target Audience
This course is designed for adult and pediatric cardiologists, cardiovascular surgeons, cardiovascular anesthesiologists, cardiac radiologists, fellows in training, cardiovascular sonographers, cardiovascular nurse specialists, internists, intensivists, and emergency physicians with special interest in clinical cardiology and echocardiography.

Course Highlights
There is heavy emphasis on case-based learning. Topics include:
• Coronary artery disease including stress testing
• Valvular heart disease
• Heart failure (systolic and diastolic) and cardiomyopathy
• Emerging technologies including contrast and 3D/4D echocardiography and strain imaging
• Complex congenital heart disease
• Case-based demonstrations on role of 2D and real time 3D/4D echocardiography to select, guide, and follow percutaneous structural heart disease interventions such as transcatheter aortic valve replacement and percutaneous mitral valve repair

Learning Objectives

Point of Care / Focused Echocardiography Symposium (Preconference)
Upon completion of these sessions, participants will be better able to:
1. Identify established roles for point of care echocardiography
2. Perform the critical components of a point of care echocardiogram.

Learning Lab
Upon completion of these sessions, participants will be better able to:
1. Apply ASE guidelines during echocardiography interpretation.
2. Demonstrate ability to crop and display 3D echocardiographic data sets.

Main Conference
Upon completion of these sessions, participants will be better able to:
1. Analyze and quantify systolic and diastolic function by echocardiography.
2. Recognize indications for echocardiographic contrast agents.
3. Interpret stress echocardiograms.
4. Appropriately utilize echocardiography in infective endocarditis.
5. Quantify valvular regurgitation.
6. Classify cardiomyopathies by echocardiography.
7. Identify eligible patients for Transcatheter Aortic Valve Replacement (TAVR).
8. Recognize and assess the function of percutaneous cardiac devices by echocardiography.
9. Recognize echocardiographic features of common complex congenital lesions found in adults.
10. Explain normal and abnormal findings of prosthetic valve function

Disclaimer
The information provided during this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient’s condition.

Disclosure
ASE is committed to ensuring that its educational mission, and all sponsored educational programs are not influenced by the special interests of any corporation or individual, and its mandate is to retain only those speakers whose financial interests can be effectively resolved to maintain the goals and educational integrity of the program. While a monetary or professional affiliation with a corporation does not necessarily influence a speaker’s presentation, the Essential Areas and policies of the ACCME require that any relationship that could possibly conflict with the educational value of the program be resolved prior to the educational session and disclosed to the audience. In accordance with these policies, ASE implemented mechanisms prior to the planning and implementation of this CME activity to identify and resolve conflicts of interest for all individuals in a position to control content. Disclosure information is referenced and can be found beginning on page 12 of this program.

Accreditation and Designation
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American Society of Echocardiography and the American Society of Echocardiography Education and Research Foundation. The American Society of Echocardiography is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Echocardiography designates this live activity for a maximum of 29.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
ASE designates the 3rd Annual Echo Florida Learning Lab for a total of 8.25 hours. Point of Care Session for 5.75 hours and a maximum of 21 hours for the Main Conference. The total amount of hours that can be claimed for attending both the Main Conference and Learning Lab session is 29.25 hours.

Approved by the American College of Emergency Physicians for a maximum of 5.75 hour(s) of ACEP Category I credit.

ARDMS, CCI, and Sonography Canada recognize ASE’s certificates and have agreed to honor the credit hours toward their registry requirements for sonographers. All or a portion of this educational activity may meet the CME requirement for IAC Echocardiography accreditation. This activity has been awarded 12 BSE re-accreditation points, with no more than 3 points provided per day of attendance.

The American Society of Echocardiography is committed to ensuring that its educational mission and all educational programs are not influenced by the special interests of any corporation or individual, and its mandate is to retain only those speakers whose financial interests can be effectively resolved to maintain the goals and educational integrity of the program. While a monetary or professional affiliation with a corporation does not necessarily influence a speaker’s presentation, the Essential Areas and policies of the ACCME require that any relationships that could possibly conflict with the educational value of the program be resolved prior to the educational session and disclosed to the audience.

Commercial Support Disclosure

In-Kind Donations: This activity is supported in part by in-kind donations of devices or software from Digisonics (software), GE Healthcare (device and software), and Siemens Healthcare (device).

Why did you Join ASE?

Your colleagues have shared their story with us and this is what we heard.

“(At ASE) we all speak the same language, are better as a group, and patients benefit from that.”

“Personal interactions with peers and leaders of echo - events are not only highly educational but entertaining”

“The most important benefit I get from the ASE is keeping up at the forefront of the field of CV ultrasound.”

“In this era of “Value Based Health Care”, I believe that Echocardiography will emerge as the best choice in Cardiovascular Imaging. It is reassuring that the American Society of Echocardiography will be there to guide us in the years to come.”

“ASE is my home”

Your membership allows ASE to continue to provide support, education, and a home for professionals in cardiovascular ultrasound.

Stop by the ASE booth at Echo Florida and renew your membership for 2015.
Registration Location and Hours
Attendee registration is located in the Grand Foyer, located on the main floor of the hotel.
- Friday, October 10, 2014 .............. 6:00 pm – 7:30 pm
- Saturday, October 11, 2014 ............ 6:30 am – 5:45 pm
- Sunday, October 12, 2014 ............. 6:30 am – 4:30 pm
- Monday, October 13, 2014 .............. 6:30 am – 5:00 pm
- Tuesday, October 14, 2014 ............. 6:30 am – 4:00 pm

How to Obtain Credit
To claim your CME for Echo Florida, please follow the steps below using your Mozilla Firefox, Google Chrome, or Safari browser. Internet Explorer will not work. The deadline to claim credit is November 17, 2014.
1. **ASE Members:** Go to [www.asecho.org](http://www.asecho.org) and log on to the Member Portal with your ASE member e-mail and password. If you forget your password, simply click “Retrieve” under the login.
   a. Click on **ASEUniversity and CME Credits** (This will take you directly to your ASEUniversity profile).
2. **Non-Members:** Go to [www.aseuniversity.org](http://www.aseuniversity.org), create a new account or log into your existing ASEUniversity account.
3. Once logged into ASEUniversity, the top of the page should say, “Hello, ____.” Click **Your Account**.
4. Under **Your Account**, click on **Add Access Code** and enter the code “FLORIDA2014.”
5. Verify your registration information. Please be sure to use the same information that you used to register for the event.
6. Once verified, click **Take Evaluation** to claim your CME credit. CME credits are not earned until the entire evaluation has been completed.
7. Your certificate will be available for immediate download and can also be found under **Your Account** in the **CE Transcript**.

Food Functions
ASE will provide continental breakfast and coffee breaks for all registered attendees in Salons 1-4. Please refer to the program schedule beginning on page 7 for the times of the continental breakfast and daily coffee breaks.
ASE will provide lunch to all registered Point of Care and Learning Lab attendees on Saturday, October 11 in Salons 1-4. Lunch will be provided to all registered attendees of the main conference Sunday-Tuesday in Salons 1-4.
Disney’s Grand Floridian Resort & Spa offers their guests a variety of dining options. Please see page 6 for more details.

Welcome Reception
ASE cordially invites you to the 3rd Annual Echo Florida Attendee Reception on Monday evening, October 13th from 5:00 pm – 6:00 pm in Salons 1-4. This is a great opportunity to network with faculty and fellow attendees, while visiting exhibitors.

Internet Access
There is complimentary wireless internet available throughout the Disney’s Grand Floridian Resort & Spa. Attendees of this course also receive complimentary wireless internet in their guest rooms.

Business Center
The Business Center is located within the convention center. It offers fax, photo-copier, mail and computer services.
- Monday – Sunday .................... 7:00 am – 5:00 pm

Cell Phone Use
Cell phones should not be used in the educational sessions. For consideration of faculty and other attendees, please remember to turn your cell phones and/or other electronic devices off or set to vibrate mode.

Safety
Audience seating is on a first-come, first-served basis. According to fire code, a session must be closed if the room fills to capacity. Inappropriate behavior or undesirable conduct, including, but not limited to, verbal or physical abuse, whether threatened or performed, will not be permitted or tolerated. You must wear your name badge at all times when attending the session or events.

Photography/AV Policy
No person may record any portion of the ASE Echo Florida Course, either by video, still or digital photography, audio or any other recording or reproduction mechanism. This includes recording of presentations and supporting audio visual materials. Taking photos of, or recording the content of, presentation slides is also prohibited and is considered intellectual piracy. Attendees who ignore this policy will be asked to leave the educational session and are at risk of losing their name badge and attendance privileges. ASE reserves the rights to all recordings or reproductions at ASE meetings. Please be aware that during the ASE Echo Florida Course, attendees, vendors, guests and exhibitors may be photographed or videotaped by ASE staff capturing the event. Some of these photographs or videos may be displayed by ASE in future publication or other materials. By virtue of your attendance, you agree to allow ASE to use photographs of you in its promotional materials.

Children
ASE does not offer childcare services. Due to limited seating capacity and the highly technical nature of this program, children are not allowed to attend the educational session.
Disney’s Grand Floridian Resort & Spa

Victorian elegance meets modern sophistication at this lavish bayside Resort hotel. Relax in the sumptuous lobby as the live orchestra plays ragtime, jazz and popular Disney tunes. Bask on the white-sand beach, indulge in a luxurious massage and watch the fireworks light up the sky over Cinderella Castle. Just one stop to Magic Kingdom park on the complimentary Resort Monorail, this timeless Victorian-style marvel evokes Palm Beach’s golden era.

World-Class Spa & Health Club - Invigorate your mind and body at this retreat reminiscent of a serene Floridian garden at the turn of the 20th century. Utilizing therapeutic and revitalizing techniques, Senses – A Disney Spa boasts a soothing confection of unique therapies—facials, massages, body wraps and aromatherapy—designed to elevate the mind and have you looking and feeling your best.

Special Features: Watercraft rentals; fitness center; beach pool with water slide plus one quiet pool, kiddie pool and whirlpool spa; business center; wireless internet (Wi-Fi) access throughout the convention center and lobby common areas; in-room high speed internet access; monorail service to Magic Kingdom® Park and Epcot®; access to championship golf courses.

Dining Locations at Disney’s Grand Floridian Resort & Spa

There are many dining options available at the Grand Floridian Resort & Spa. You will find a variety of styles and price ranges to suit your tastes. Many other options are available on the Walt Disney World Resort via monorail, ferry or a short bus ride.

1900 Park Fare – Breakfast and dinner in a relaxed atmosphere.

Citricos – Simple and sophisticated American cuisine infused with Mediterranean flavors, such as seafood, steaks, pasta and vegetarian options

Gasparrilla Grill & Games – Quick-service dining with “grab-and-go” options

Grand Floridian Café – This casual, light-filled restaurant serves American fare and overlooks the lovely gardens and pool.

Narcoossee’s – Seafood and steaks with grand views of the shimmering lakeshore.

Victoria & Albert’s – Disney’s premier restaurant, Victoria & Albert’s is a five-diamond masterpiece, featuring a custom menu that changes daily.

Mizner’s Lounge, Citricos Lounge, Narcoossee’s Lounge, Courtyard Pool Par, Beach Pool Bar – full service lounges

Disney Resort Benefits

As a Disney Resort Guest, you’ll enjoy special benefits that make your Walt Disney World® stay easier and more relaxing than ever. These benefits provide everything from extra time in the Theme Parks and convenient transportation to more magic all around.

Convenient Walt DisneyWorld® Transportation – If you’re arriving by air at Orlando International Airport, Disney’s legendary service starts the moment you touch down and continues throughout your stay.

Disney’s Magical Express® – Take advantage of the latest innovation in Disney’s legendary commitment to service and convenience. This exclusive complimentary shuttle and luggage delivery service conveniently takes you from the airport directly to your Disney Resort and back again when it’s time to return. It’s the hassle-free benefit that allows you to arrive at your meeting or event relaxed and stress-free. To book, call 407-827-6777 or visit www.mydisneymeetings.com/2014-echo-florida/ for more information.

Let us take you where you want to go – During your stay, enjoy the convenience of Disney transportation throughout the Walt Disney World® Resort. Just steps from your door, boats and motor coaches are waiting to take you to and from the Theme Parks, Water Parks, the Downtown Disney® area and more.

Enhanced! Extra Magic Hour Benefit – Each day one of the Theme Parks opens an hour early or stays open up to three hours after regular Park hours for Guests staying at select Disney Resorts, giving you even more time to enjoy select attractions before and after your meetings. This is a great way for you to maximize the value of your Disney Theme Park Tickets based around your schedule! Valid Theme Park admission and Walt DisneyWorld® Resort ID are required.

Incredible Disney Service – Disney Cast Members are here to make your stay as easy and worry-free as possible with helpful tips and recommendations. You can even charge meals and merchandise right to your room with your Disney Resort ID card.
SATURDAY, OCTOBER 11, 2014
PRECONFERENCES

Echocardiography at the Point of Care:
Focused Echocardiography Symposium
Separate Registration Required

7:30 am | Continental Breakfast and Visit Exhibits

Point of Care Basics

8:00 am | Point of Care Echocardiography - Where Does It Have a Role?
M. Monaghan

8:20 am | Understanding Basic Machine Settings
K. Spencer

8:40 am | The Views for the Focused Cardiac Ultrasound System
A. Liteplo

9:05 am | Is It Real Or An Artifact?
K. Spencer

9:25 am | Imaging Tips for the FAST Exam
K. Garcia

9:50 am | Refreshment Break and Visit Exhibits

Focused Cardiac Ultrasound Cases

10:15 am | LV/RV Size and Function
M. Monaghan

10:30 am | Effusions and Tamponade
A. Liteplo

10:55 am | Volume Status, Inferior Vena Cava Imaging
K. Spencer

11:15 am | Non-Cardiac Applications: Pneumonia, Pneumothorax, Pulmonary Edema
A. Liteplo

11:45 am | Question and Answer

12:15 pm | Lunch and Visit Exhibits

Point of Care Hands On Training

1:30 pm | Hands On Training (each participant will go through the following imaging stations)
Parasternal
M. Weiner
Subcostal
K. Spencer
Apical
M. Picard
Lung and Below the Diaphragm
A. Liteplo, K. Garcia

3:30 pm | Adjourn

Learning Lab
Separate Registration Required

7:00 am | Continental Breakfast and Visit Exhibits

7:45 am | Introduction to the Learning Lab
M. McCulloch

8:15 am | Basic Measurements: LV Dimensions, Volume, EF, LA Volume, MV Planimetry, TAPSE
M. Weiner, M. Picard

SUNDAY, OCTOBER 12, 2014

General Echocardiography – All the Tools You Need

7:00 am | Continental Breakfast and Visit Exhibits

7:30 am | Welcome and Introduction
M. Picard

7:45 am | President’s Address
N. Weissman

8:00 am | How to Measure LV Systolic Function in 2014
N. Weissman

8:25 am | Diastolic Function Assessment - Let’s Make It Simple
G. Aurigemma

8:50 am | 3D Echo: Acquisition, Cropping and Display - What is the Norm in 2014?
R. Hahn

9:20 am | Contrast Echo - Cases Illustrating Value
K. Spencer

9:40 am | Refreshment Break and Visit Exhibits

Aortic Valve Disease and Catheter Intervention

10:00 am | Aortic Stenosis: Epidemiology and Natural History
L. Gillam

10:20 am | Potential Pitfalls in the Quantitation of AS
M. Monaghan

10:40 am | TAVR - Current Devices - How Do They Work and Who Should You Treat?
R. Hahn

11:00 am | TAVR - Procedure Guidance By Echo
M. Monaghan

3rd Annual Echo Florida Exhibitors:

Epsilon Imaging, Inc
3917 Research Park Dr., Ste. B7
Ann Arbor, MI 48108
United States
Phone: 1-734-369-5100
Fax: 1-734-369-5120
Website: www.epsilon-imaging.com

Epsilon Imaging develops vendor-neutral visualization and analysis software applications for cardiovascular ultrasound. Our initial application, EchoInsight for Stress Echo, assists echocardiologists to efficiently indicate specific areas of abnormality ultimately improving confidence in stress echocardiography.

GE Healthcare

GE Healthcare
9900 W. Innovation Drive
Wauwatosa, WI 53226
United States
Phone: 1-414-721-3096
Fax: 1-414-721-3866
Website: www.gehealthcare.com

GE’s “healthymagination” vision for the future invites the world to join us on our journey as we continuously develop innovations focused on reducing costs, increasing access and improving quality and efficiency around the world. GE Healthcare employs more than 46,000 people committed to serving healthcare professionals and their patients.

Digisonics

Digisonics
3701 Kirby Drive
Houston, TX 77098
United States
Phone: 1-713-529-7979
Toll Free: 1-800-940-3240
Fax: 1-713-529-7999
Website: www.digisonics.com

For over 35 years, Digisonics has provided cardiovascular clinical information and image analysis software systems. Ranked #1 Cardiology PACS by KLAS for the past three years, the DigiView system is the solution chosen by clinicians to gain workflow efficiency, cut costs and improve the quality of patient care.
Lantheus Medical Imaging, Inc.
331 Treble Cove Rd.
North Billerica, MA 1862,
United States
Phone: 1-800-362-2668
Fax: 1-978-436-7501
Website: www.lantheus.com
Lantheus Medical Imaging is a global leader in developing, manufacturing and distributing innovative diagnostic imaging agents to improve treatment of human disease. Lantheus has approximately 600 employees worldwide with headquarters in North Billerica, Massachusetts, and offices in Puerto Rico, Canada and Australia.

PHILIPS

Philips Healthcare
22100 Bothell Everett Highway
Bothell, WA 98031
United States
Phone: 1-503-310-9214
Website: www.philips.com/healthcare
Philips is one of the world’s leading healthcare technology companies. We are committed to understanding the technological and human needs of patients and caregivers and to delivering solutions that enable more confident diagnoses, more efficient delivery of care, and more positive user experiences.

SIEMENS

SIEMENS Healthcare
51 Valley Stream Parkway
Malvern, PA 19355
United States
Phone: 1-888-826-9702

Did you know, as an ASE Foundation Sustainer, you can make a difference throughout the entire year by giving on a monthly (even weekly) basis? This continual giving provides consistent, reliable funding allowing ASEF to focus more resources on game-changing initiatives. Sustained giving equals sustained impact. Be a Sustainer.
Keep talking, we’re listening.

You wanted it. ASE delivered it. The online version of the Guideline Reference Book is now available at your fingertips anytime, anywhere.

Purchase the new ASE Guideline Reference E-Book at www.ASEUniversity.org
