Chairman, ASEAN Society of Echocardiography

Philippine Heart Center

Manila, Philippines

Register now at ASEcho.org/ASEAN

Jointly provided by ASE and the ASE Foundation, and held in cooperation with the ASEAN Society of Echocardiography and the Philippine Society of Echocardiography.

Program Information

Overview of Echo ASE ASEAN

The aim of Echo ASE ASEAN is to provide cardiovascular practitioners with information on state-of-the-art echocardiographic technology. This international meeting is led by expert faculty from the United States and the countries comprising the ASEAN region and beyond who are leaders in how echocardiography, and other forms of cardiac imaging, can be effectively applied to improve clinical care. The faculty will focus on the latest cardiovascular ultrasound technologies. Case-based learning approaches will be used to highlight new and established uses of echocardiography for diagnosis and guiding management in patients with a broad array of cardiovascular conditions. Topics include: advanced assessment of systolic and diastolic function, 3D/4D imaging, contemporary approaches to valve disease, guidance of interventional procedures, contrast echocardiography, congenital heart disease, ischemic heart disease, pericardial disease, and echo in arrhythmic disorders.

Learning Objectives

Upon completion of this program, participants will be able to:

- Integrate echocardiographic information in clinical decision-making for patients with a broad array of cardiovascular disease.
- Explain advances in echocardiographic assessment ventricular function and dysfunction.
- Quantitatively assess valve disease and understand the role of echo in valve disease management.
- Comprehensively describe echocardiographic measures of diastolic function and their pitfalls.
- Effectively apply echocardiography in the assessment of patients with ischemic heart disease.
- Identify the role of echocardiography in the guiding interventional procedures and in the perioperative setting.
- Integrate echocardiographic assessment of cardiomyopathies and systemic diseases in patient management.
- Define clinical uses of 3D and strain echocardiography.
- Recognize common manifestations of repaired and unrepaired adult congenital heart disease.
- Explain the key role echo plays in the evaluation of patients with arrhythmias, pericardial disease, and cardiac masses.

Who Should Attend

This course is designed for adult and pediatric cardiologists, cardiovascular surgeons, cardiovascular anesthesiologists, fellows in training, cardiovascular sonographers, internists and intensive care specialists with special interest in clinical cardiology and echocardiography.

Accreditation and Designation

The American Society of Echocardiography is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Society of Echocardiography designates this live activity for a maximum of 20.50 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Successful completion of this CME activity enables the participant to earn up to 20.50 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity.

Accommodations and Lodging Information

For your convenience, ASE has secured a block of rooms with discounted rates at the Conrad Manila Hotel. It is located on the Seaside Boulevard corner of Coral Way atop the Mall of Asia Complex, Pasay City, 1300, Manila, Philippines. To secure your room at the Conrad Manila Hotel, please visit ASEcho.org/ASEAN/Accommodations and click the "Conrad Manila" link.

Room rates are: Deluxe Room – PHP 10,313.30 (currently \$200.55 USD) and Deluxe Bay View – PHP 11,054.25 (currently \$214.95 USD), plus applicable taxes.* Room rates include a daily buffet breakfast and in-room internet. The hotel room block is scheduled to be held until Wednesday, February 21, 2018. Therefore, we advise you to register for the program and reserve your lodging as soon as possible. Please be sure to ask about any additional hotel fees, early departure fees, or cancellation penalties.

The Conrad Manila is positioned atop S Maison, a high-end retail complex on the edge of Manila Bay. It is a striking hotel offering a peaceful escape from the hustle and bustle of Makati, while being only a short 15 minute drive away from the Manila Ninoy Aquino International Airport. You will enjoy easy access to a variety of shopping, dining, recreation, and local attractions.

Manila, the capital of the Philippines, is located on the eastern shores of the Manila Bay in one of the finest harbors in the country. Here you will find a mix of Spanish colonial architecture with modern skyscrapers. Take a walking tour of the historic 64-hectare stone citadel, Intramuros (founded by the Spanish in 1571), try the popular Filipino desert, halo halo, explore one of the many museums located throughout the city, or just simply marvel over a beautiful sunset from the Conrad Manila's waterfront lounge.

*Current exchange rates from Philippine Peso to US Dollar may fluctuate and are subject to change. Please check currency calculators for accurate exchange rates.

“All the presentations were valuable and engaging. Invaluable experience.”

Schedule of Events

Thursday, March 22, 2018

6:45 AM	Registration and Breakfast
7:45 AM	Welcome and Introduction <i>J. Thomas</i>

Assessment of Cardiac Function Moderators: *J. Thomas, E. Tucay*

8:00 AM	The Physiology of Systole <i>J. Thomas</i>
8:20 AM	New Approaches to Systolic Function: 4D <i>R. Lang</i>
8:40 AM	New Approaches to Systolic Function: Strain Imaging <i>J. Thomas</i>
9:00 AM	Evaluation of Right Ventricular Function and Pulmonary Artery Pressure <i>E. Tucay</i>
9:20 AM	The Physiology of Diastole <i>G. Scalia</i>
9:40 AM	Echocardiographic Assessment of Diastolic Function and Filling Pressure <i>T. Ryan</i>
10:00 AM	Question and Answer <i>R. Lang, T. Ryan, G. Scalia, J. Thomas, E. Tucay</i>

10:20 AM	Refreshment Break & Visit Exhibits/Posters
----------	---

Valvular Heart Disease Basics Moderators: *K. Poh, L. Sugeng*

10:50 AM	Quantification of Aortic Stenosis: Using the Guidelines to Time Intervention <i>K. Poh</i>
11:10 AM	Quantification of Aortic and Mitral Regurgitation: Update from the Guidelines <i>E. Martanto</i>
11:30 AM	Diagnostic Difficulties in Multivalvular Disease <i>L. Sugeng</i>
11:50 AM	Question and Answer <i>E. Martanto, K. Poh, L. Sugeng</i>

12:10 PM	Lunch & Visit Exhibits
----------	-----------------------------------

Advanced Topics I: Cardiac and Valve Function Moderators: *R. Lang, E. Martanto*

1:20 PM	Cardiotoxic Effects of Chemotherapeutic Drugs <i>E. Martanto</i>
1:40 PM	Cardiac Hypertrophy: Differentiate Disease from Athlete <i>K. Tong</i>
2:00 PM	What Do Electrophysiologists Want to Know from Echocardiographers Before, During & After Cardiac Resynchronization Therapy? <i>M. Go</i>
2:20 PM	Evaluation of Patients with LVADs and Percutaneous Support Devices <i>G. Scalia</i>
2:40 PM	Update in Rheumatic Mitral Stenosis: Which Scoring System to Use <i>R. Santos</i>
3:00 PM	Assessment of Tricuspid and Pulmonic Valve Disease: Importance of 3D <i>R. Lang</i>
3:20 PM	Prosthetic Valve Function and Dysfunction <i>L. Sugeng</i>
3:40 PM	Question and Answer <i>M. Go, R. Lang, E. Martanto, R. Santos, G. Scalia, L. Sugeng, K. Tong</i>

Basic Topics I: Cardiac and Valve Function Moderators: *B. Anderson, S. Boonyaratavej*

1:20 PM	Strain Basics: How to Start in Your Lab <i>B. Anderson</i>
1:40 PM	3D Basics: How to Start in Your Lab <i>M. Yamat</i>
2:00 PM	Assessment of Diastolic Function: What Must be Acquired? <i>M. Supe</i>
2:20 PM	Moving Right Ventricular Assessment Beyond the Eyeball <i>A. Soesanto</i>
2:40 PM	Quantitative Assessment of Mitral and Aortic Stenosis: Pitfalls and Tips <i>B. Anderson</i>

Schedule of Events

3:00 PM	Quantitation of Mitral Regurgitation: Doing Proximal Isovelocity Surface Area the Right Way <i>S. Boonyaratavej</i>
3:20 PM	Assessment of Prosthetic Valves: What are the Key Views and Variables? <i>T. Ryan</i>
3:40 PM	Question and Answer <i>B. Anderson, S. Boonyaratavej, M. Supe, T. Ryan, A. Soesanto, M. Yamat</i>
4:00 PM	Refreshment Break & Visit Exhibits/Posters
Illustrative Case Presentations <i>Moderator: L. Sugeng</i>	
4:30 PM	Illustrative Case Presentations <i>B. Anderson, R. Jara, T. Ryan, A. Soesanto, R. Tan</i>
5:30 PM	ADJOURN

Friday, March 23, 2018

7:00 AM	Registration and Breakfast
Ischemic Heart Disease <i>Moderators: T. Ryan, K. Tong</i>	
8:00 AM	Role of Contrast Agents to Enhance Wall Motion and Doppler Signals <i>K. Tong</i>
8:20 AM	Stress Echocardiography to Assess Coronary Artery Disease <i>E. Lopez</i>
8:40 AM	Complications of Acute Myocardial Infarction <i>G. Scalia</i>
9:00 AM	Chronic Ischemic Cardiomyopathy: Role of Functional Mitral Regurgitation <i>T. Ryan</i>
9:20 AM	Question and Answer <i>E. Lopez, T. Ryan, G. Scalia, K. Tong</i>
9:40 AM	Refreshment Break & Visit Exhibits/Posters

Congenital and Interventional Echo

Moderators: J. Nunez, G. Scalia

10:10 AM	Unrepaired Congenital Heart Disease: What You Must Never Miss <i>T. Ryan</i>
----------	--

10:30 AM	Repaired Congenital Heart Disease: What Did They Do and How is It Doing? <i>J. Balderas</i>
10:50 AM	Introduction to Interventional Echocardiography <i>R. Lang</i>
11:10 AM	TAVR 2018: Imaging Before, During, and After <i>L. Sugeng</i>
11:30 AM	Question and Answer <i>J. Balderas, R. Lang, T. Ryan, G. Scalia, L. Sugeng</i>

Lunch Panel

Advanced Topics II: Clinical Topics

Moderators: P. Carpo, R. Jara

1:00 PM	Stress Echo in Nonischemia Indications <i>K. Poh</i>
1:20 PM	Echo in Rheumatologic and Connective Tissue Disease <i>G. Scalia</i>
1:40 PM	TEE and TTE Assessment of Aortic Disease <i>L. Sugeng</i>
2:00 PM	Complex Cyanotic Congenital Disease: When is it Too Late to Intervene? <i>A. Gamponia</i>
2:20 PM	Atrial Septal Closure and Left Atrial Appendage Occlusion: Indications and Guidance <i>A. Panlilio</i>
2:40 PM	Guidance of Mitral and Tricuspid Interventions <i>J. Thomas</i>

Advanced Topics II: Role of Multimodality Imaging

Moderators: R. Jara, L. Noval

3:00 PM	Evolving Role of CT in Coronary Artery Disease <i>R. Yusoff</i>
3:20 PM	Advances in MRI: When it is Needed in Ischemia, Heart Failure, and Valve Disease <i>R. Tan</i>
3:40 PM	Question and Answer <i>R. Jara, L. Noval, R. Tan, R. Yusoff</i>
4:00 PM	Refreshment Break & Visit Exhibits/Posters

Schedule of Events

Basic Topics II: Assorted Topics

Moderators: *D. Magno, M. Yamat*

1:00 PM	Tips and Tricks for Assessing Congenital Heart Disease <i>B. Anderson</i>
1:20 PM	Stress Echo Performance: When is Contrast Needed? <i>M. Yamat</i>
1:40 PM	Assessment of Chest Pain in the Emergency Room <i>R. Cuyco</i>
2:00 PM	Assessment of Hemodynamics: Can Echo Replace the Pulmonary Artery Catheter <i>G. Scalia</i>
2:20 PM	Hypertrophic Cardiomyopathy: Basic Assessment and Provocation of Obstruction <i>T. Thu</i>
2:40 PM	Point of Care Echo in the Hospital and Beyond: Can it Screen for Rheumatic Heart Disease? <i>D. Magno</i>
3:00 PM	Evaluating and Scoring the Rheumatic Mitral Valve in 2D and 3D <i>L. Sugeng</i>
3:20 PM	Fact or Fiction: Common Echo Myths Exposed <i>B. Anderson</i>
3:40 PM	Question and Answer <i>B. Anderson, R. Cuyco, D. Magno, G. Scalia, L. Sugeng, T. Thu, M. Yamat</i>
4:00 PM	Refreshment Break & Visit Exhibits/Posters

Illustrative Case Presentations

Moderator: *G. Scalia*

4:30 PM	Illustrative Case Presentations <i>J. Jumangit, T. Thu, K. Tong, M. Yamat</i>
5:30 PM	ADJOURN

Saturday, March 24, 2018

7:00 AM **Registration and Breakfast**

Miscellaneous Topics

Moderators: *T. Thu, R. Yusoff*

8:00 AM	Assessment of Hypertrophic Cardiomyopathy: When and How to Intervene <i>J. Thomas</i>
8:20 AM	Restrictive and Infiltrative Cardiomyopathies <i>G. Scalia</i>
8:40 AM	Imaging in Pulmonary Hypertension and Cor Pulmonale <i>L. Sugeng</i>
9:00 AM	The Many Faces of Endocarditis: When to Intervene <i>K. Poh</i>
9:20 AM	What's New in the Evaluation of Pericardial Disease? <i>T. Ryan</i>
9:40 AM	Question and Answer <i>K. Poh, T. Ryan, G. Scalia, L. Sugeng, J. Thomas, T. Thu, R. Yusoff</i>

10:00 AM **Refreshment Break & Visit Exhibits/Posters**

Advanced Clinical Topics III: Clinical Topics

Moderators: *J. Abanilla, R. Lang*

10:30 AM	Takotsubo Cardiomyopathy: Pathophysiology and Assessment <i>R. Lang</i>
10:50 AM	Intra-operative Echo: When to Go Back On Pump <i>G. Rogelio</i>

TEE and Intra-procedural Case Presentations

Moderator: *J. Thomas*

11:10 AM	TEE and Intra-procedural Case Presentations <i>R. Gregorio, R. Lang, K. Poh, G. Scalia, E. Tucay</i>
12:10 PM	Question and Answer <i>J. Jumangit, R. Lang, K. Poh, R. Gregorio, G. Scalia, J. Thomas, E. Tucay</i>

12:30 PM **Lunch Panel**

1:30 – 3:00 PM	3D and Strain Live Imaging Workshop Moderator: <i>E. Tucay</i> <i>B. Anderson, L. Go, R. Lang, L. Sugeng, J. Thomas, M. Yamat</i>
----------------	--

3:00 PM **ADJOURN**
