FINAL PROGRAM
March 22–24, 2018
Conrad Manila Hotel
Manila, Philippines

Course Director
James D. Thomas, MD, FASE
Past President, ASE
Northwestern Medicine
Chicago, IL

Course Co-Director
Roberto M. Lang, MD, FASE
Past President, ASE
University of Chicago Medical Center
Chicago, IL

Course Co-Director
Kian-Keong Poh, MBBChir, FASE
Vice Chairman, ASEAN Society of Echocardiography
National University Heart Centre
Singapore, Singapore

Course Co-Director
Edwin Tucay, MD
Chairman, ASEAN Society of Echocardiography
Philippine Heart Center
Manila, Philippines

Jointly provided by ASE and the ASE Foundation, and held in cooperation with the ASEAN Society of Echocardiography and the Philippine Society of Echocardiography.
On behalf of my co-chairs, Roberto Lang, Edwin Tucay, and KK Poh, and our entire superb international faculty, I extend a warm welcome to you for joining us in Manila for the 3rd Echo ASE-ASEAN Conference. Building on the great momentum and enthusiasm from our first two Echo ASE-ASEAN meetings in Bangkok, we have something for everyone in echo, regardless of your background. If you are relatively early in your echo education or want to focus on acquisition techniques, we will have dedicated sessions in the afternoons on the basics of echocardiography. Paralleling these sessions will be more advanced topics, including 3D and strain, which are growing rapidly in our practice. In the mornings, all of us will be together, covering a host of clinical echo topics with a strong case-based emphasis. Our faculty are the best in the world, including ASE Past Presidents Roberto Lang and Tom Ryan (and myself), Lissa Sugeng from Yale, and Megan Yamat, a sonographer in Roberto’s lab. From Australia, we brought Greg Scalia and Bonita Anderson, two of the most effective and entertaining educators around. From the ASEAN region, my co-chair KK Poh has organized outstanding speakers from Indonesia, Singapore, Malaysia, Thailand, and Vietnam, while local host Edwin Tucay, and our friends in the Philippines Society of Echocardiography, are covering a number of topics and presenting many fascinating cases for our assessment. We will also have original research for you to learn from. The co-chairs and I have selected some great abstracts and unique case reports that will be on display throughout the meeting.

Manila is a wonderful locale for our meeting. I was here last September and found it a fascinating mix of cultures from Southeast Asia, Spain, and Mexico, with a complex cuisine that borrows from all of these places. If you have more time to spend in the Philippines, look no farther than the beautiful islands of Boracay, Cebu, and Palawan, which Conde Nast Traveler declared to be the top three islands in the world! How can you go wrong?

Welcome to Manila!

James D. Thomas, MD, FASE Course Director

Special thanks to Eleanor Lopez, MD and Mildred Sayco Penas, MD from PSE for their contributions.
Program Information

Overview of Echo ASE ASEAN

The aim of Echo ASE ASEAN is to provide cardiovascular practitioners with information on state-of-the-art echocardiographic technology. This international meeting is led by expert faculty from the United States and the countries comprising the ASEAN region and beyond who are leaders in how echocardiography, and other forms of cardiac imaging, can be effectively applied to improve clinical care. The faculty will focus on the latest cardiovascular ultrasound technologies. Case-based learning approaches will be used to highlight new and established uses of echocardiography for diagnosis and guiding management in patients with a broad array of cardiovascular conditions. Topics include: advanced assessment of systolic and diastolic function, 3D/4D imaging, contemporary approaches to valve disease, guidance of interventional procedures, contrast echocardiography, congenital heart disease, ischemic heart disease, pericardial disease, and echo in arrhythmic disorders.

Target Audience

This course is designed for adult and pediatric cardiologists, cardiovascular surgeons, cardiovascular anesthesiologists, fellows in training, cardiovascular sonographers, internists and intensive care specialists with special interest in clinical cardiology and echocardiography.

Learning Objectives

Upon completion of this program, participants will be able to:

- Integrate echocardiographic information in clinical decision-making for patients with a broad array of cardiovascular disease.
- Explain advances in echocardiographic assessment of ventricular function and dysfunction.
- Quantitatively assess valve disease and understand the role of echo in valve disease management.
- Comprehensively describe echocardiographic measures of diastolic function and their pitfalls.
- Effectively apply echocardiography in the assessment of patients with ischemic heart disease.
- Identify the role of echocardiography in guiding interventional procedures and in the perioperative setting.
- Integrate echocardiographic assessment of cardiomyopathies and systemic diseases in patient management.
- Define clinical uses of 3D and strain echocardiography.
- Recognize common manifestations of repaired and unrepaired adult congenital heart disease.
- Explain the key role echo plays in the evaluation of patients with arrhythmias, pericardial disease, and cardiac masses.

Disclaimer

The information provided during this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient’s condition.

Accreditation and Designation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Echocardiography and the American Society of Echocardiography Education and Research Foundation. The American Society of Echocardiography is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Echocardiography is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Society of Echocardiography designates this live activity for a maximum of 20.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Successful completion of this CME activity enables the participant to earn up to 20.5 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program and/or The American Board of Anesthesiology® (ABA) Maintenance of Certification in Anesthesiology Program® or MOCA®. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is ASE’s responsibility to submit participant completion information to ACCME for the purpose of granting ABA MOC and/or ABIM MOC points.

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of the American Board of Anesthesiology®. MOCA 2.0® is a trademark of the American Board of Anesthesiology®.
Daily breakdown of CME credits:

**Thursday, March 22, 2018** = 7.5 hours

**Friday, March 23, 2018** = 7.5 hours

**Saturday, March 24, 2018** = 5.5 hours

The ACCME and the European Board of Accreditation in Cardiology (EBAC) recognize each other’s accreditation systems as substantially equivalent. To obtain EBAC credit for participation in this activity, submit evidence of participation directly to EBAC (www.ebac-cme.org).

The European Union of Medical Specialists (UEMS)-European Accreditation Council for Continuing Medical Education (EACCME) has an agreement of mutual recognition of continuing medical education (CME) credit with the American Medical Association (AMA). European physicians interested in converting AMA PRA Category 1 Credit™ into European CME credit (ECMEC) should contact the UEMS (www.uems.eu).

ARDMS, CCI, and Sonography Canada recognize ASE’s certificates and have agreed to honor the credit hours toward their registry requirements for sonographers.

All or a portion of this educational activity may meet the CME requirement for IAC Echocardiography accreditation.

This activity is eligible for Section 1 credits in the Royal College of Physicians and Surgeons of Canada’s Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Disclosure

ASE is committed to ensuring that its educational mission, and all sponsored educational programs are not influenced by the special interests of any corporation or individual, and its mandate is to retain only those speakers whose financial interests can be effectively resolved to maintain the goals and educational integrity of the program. While a monetary or professional affiliation with a corporation does not necessarily influence a speaker’s presentation, the Essential Areas and policies of the ACCME require that any relationship that could possibly conflict with the educational value of the program be resolved prior to the educational session and disclosed to the audience. In accordance with these policies, ASE implemented mechanisms prior to the planning and implementation of this CME activity to identify and resolve conflicts of interest for all individuals in a position to control content. Disclosure information is referenced and can be found beginning on page 14 of this program.

Commercial Support Disclosure

Educational Grants: This activity is supported in part by educational grants from Lantheus Medical Imaging, the National Board of Echocardiography, Inc., and Trust Bio-sonics.

How to Obtain CME

To claim your CME for ASE Echo ASEAN, please follow the steps below using your Mozilla Firefox, Google Chrome or Safari browser. Internet Explorer will not work. The deadline to claim credit is **April 26, 2018**.

**ASE Members:**

1. Go to ASEEcho.org and log in to the Member Portal with your username (email) and password.

   a. If you forget your password, simply click “Retrieve” under the login.

2. Click on ASEUniversity. This will take you directly to your ASEUniversity account.

**Nonmembers:**

1. Go to ASEUniversity.org.

2. Log into your existing account or create a new one.

To Claim Credit:

3. On the ASEUniversity homepage, click My Account at the top right of the page.

4. Under My Account, click Add Access Code on the left sidebar and enter the code, “3rdASEAN”

5. Verify your registration information. Please be sure to use the same information that you used to register for the event.

6. Once verified, click CE Information tab and Take Exam button to claim your CME credit. CME credits are not earned until the entire evaluation has been completed.

7. Your certificate will be available for immediate download and can also be found under My Account in the My Transcripts.

Remember to enter your ABIM and/or ABA number and birthdate if you choose to have MOC and/or MOCA points for this meeting submitted to ABIM and/or ABA. There is a space for this information on the first page of the evaluation.

Accommodations and Lodging Information

The Conrad Manila Hotel is located on the Seaside Boulevard corner of Coral Way atop the Mall of Asia Complex, Pasay City, 1300, Manila, Philippines. Your stay includes a daily buffet breakfast and in-room internet.

The Conrad Manila is positioned atop S Maison, a high-end retail complex on the edge of Manila Bay. It is a striking hotel offering a peaceful escape from the hustle and bustle of Makati, while being only a short 15 minute drive away from the Manila Ninoy Aquino International Airport. You will enjoy easy access to a variety of shopping, dining, recreation, and local attractions.

Manila, the capital of the Philippines, is located on the eastern shores of the Manila Bay in one of the finest harbors in the country. Here you will find a mix of Spanish colonial architecture with modern skyscrapers. Take a walking tour of the historic 64-hectare stone citadel, Intramuros (founded by the Spanish in 1571), try the popular Filipino desert, halo halo, explore one of the many museums located throughout the city, or just simply marvel over a beautiful sunset from the Conrad Manila’s waterfront lounge.
Attendee Information and Regulations

Registration Desk Location and Hours
The ASE Registration desk is located outside Forbes Ballroom, and staffed during the following hours:

- Thursday, March 22, 2018: 6:45 AM – 5:30 PM
- Friday, March 23, 2018: 7:00 AM – 5:30 PM
- Saturday, March 24, 2018: 7:00 AM – 3:00 PM

Food Functions
ASE will provide morning coffee breaks, breakfast, lunch, and afternoon coffee breaks for registered attendees. Please refer to the program schedule for the times of all meal functions. The Conrad Manila offers guests a variety of dining options. Please see below for more details.

Onsite Restaurant Options

China Blue by Jereme Leung: China Blue offers a modern interpretation of traditional Chinese cuisine, tailored by celebrity master chef Jereme Leung. Ideal for business lunches or special occasions with floor-to-ceiling glass windows offering views of the Manila Bay on the horizon.

Brasserie on 3: An all-day dining restaurant serving an extensive buffet selection at breakfast and an à la carte menu for lunch and dinner. Organic, local, and sustainable ingredients take center stage while an open kitchen and live cooking stations add to the vibrant atmosphere. Enjoy both indoor and outdoor dining.

C Lounge: During the day, unwind in the laid back C Lounge, where you can enjoy afternoon tea selections with freshly brewed coffee and specialty blends. As the day winds down and the music is turned up, treat yourself to one of the bar’s signature cocktails while enjoying panoramic sunset bay views.

Sails Pool Bar: Stretch out poolside on a plush lounger, and relax with a drink and a light snack in our covered, outdoor pool bar. Gaze out over the sparkling water as you savor your favorite cocktail or cool down with a freshly prepared juice or smoothie.

Bru Coffee Bar: This coffee bar and boutique chocolatier showcases a tempting selection of hand-crafted pastry items and artisan confectionery. Enjoy a light and hearty snack delightfully paired with specialty tea or fair trade coffee.

Internet Access
Attendees of the course receive complimentary wireless internet in their guest rooms and meeting area of the Conrad Manila.

Safety
Audience seating is on a first-come, first-served basis. According to fire code, a session must be closed if the room fills to capacity. Inappropriate behavior or undesirable conduct, including, but not limited to, verbal or physical abuse, whether threatened or performed, will not be permitted or tolerated. You must wear your name badge at all times when attending the session or events.

Photography/AV Policy
No person may record any portion of the Echo ASE ASEAN course, either by video, still or digital photography, audio or any other recording or reproduction mechanism. This includes recording of presentations and supporting audio visual materials.

Taking photos of, or recording the content of, presentation slides is also prohibited and is considered intellectual piracy. Attendees who ignore this policy will be asked to leave the educational session and are at risk of losing their name badge and attendance privileges.

Photographs taken for the purpose of sharing on social media is allowed, but should avoid showing presentation slides. Please use #EchoASEAN when posting on social media. ASE reserves the rights to all recordings or reproductions at ASE meetings. Please be aware that during the Echo ASE ASEAN course, attendees, vendors, guests, and exhibitors may be photographed or videotaped by ASE staff capturing the event. Some of these photographs or videos may be displayed by ASE in future publication or other materials. By virtue of your attendance, you agree to allow ASE to use photographs of you in its promotional materials.

Children
ASE does not offer childcare services. Due to limited seating capacity and the highly technical nature of this program, children are not allowed to attend the educational session.

Mobile Device Use
We encourage you to use your mobile device to download the new ASE Courses app. After you have downloaded the app, you will have access to the entire meeting program at your fingertips. You can also use the app to ask questions during the sessions you attend. Please remember to turn your mobile device to silent or vibrate mode. Search “ASE Courses” in the Google Play and Apple Stores to download.

At Siemens Healthineers, our ultrasound technology is supporting new levels of automation, higher workflow efficiencies, and improved accuracy — so you can focus on caring for your patients.

Let’s have a heart to heart talk at the upcoming ECHO ASE ASEAN!

Join Siemens Healthineers’ lunch symposium and clinical presentation by Dr. Lissa Sugeng on Thursday, 22nd of March 2018 at 12:00 noon.

*This activity is not a part of the official Echo ASE ASEAN as planned by the Programme Committee, or in any way endorsed or affiliated with ASE.
Exhibit Information

Exhibit Location and Hours

Exhibits are located in the Taft Ballroom during the dates and hours listed below:

Thursday, March 22, 2018 ................... 10:20 AM – 5:30 PM
Friday, March 23, 2018 ...................... 7:00 AM – 5:30 PM
Saturday, March 24, 2018 .................. 7:00 AM – 3:00 PM

Exhibitor Descriptions

Bayer Philippines Inc.
29th Flr. Menarco Tower
Lot 8 Block 5, 32nd St. BGC
Taguig City
Philippines
548 5800

Poster Presentations

Case Series of Pacemaker Lead Endocarditis at Philippine Heart Center
Mark Duen D. Andres, Emily Mae Yap, Luchi Cuenca. Philippine Heart Center, Quezon City, Philippines.

Service Provision of Transesophageal Echocardiography in an Open Access Referral System – Can We Do Better?
Khai Yoke Leng, Sheryl Chua, Lim Mui Ling, Vasudha Sankar, Lin Shu Hui, Goh Cheng Huang, Cheryl Tan Pin Ru, Punitha Arasanathan. Ng Teng Fong General Hospital, Singapore, Singapore.

The Importance of Contrast Echocardiography in Hypertrophic Cardiomyopathy

The Effect of Percutaneous Transvenous Mitral Commissurotomy on the Diastolic Function of Patients with Rheumatic Mitral Stenosis
Cashmere Malone P. Cabigon, Edwin S. Tucay. Philippine Heart Center, Quezon City, Philippines.

D-Transposition of Great Arteries. Life is All about Connecting: A Case Report
Rayven V. Carano, Jose Donato A. Magno, Rachelle Angel R. Ninalga, Mario Joseollo D. Garcia, Harold C. Sunga, Richard O. Amarese. Angeles University Foundation Medical Center, Angeles City, Philippines.

Fending off the Fatal Fungal: Timely Diagnosis and Treatment of Afebrile Fungal Infective Endocarditis
Rayven V. Carano, Jose Donato A. Magno, Edgardio S. Timbol. Angeles University Foundation Medical Center, Angeles City, Philippines.

Acute Thrombosis of Bioprosthetic Mitral Valve Secondary to Low Cardiac Output from VA-ECMO
Antonio Cristhoph, Ricardo Kosturakis, Rajeep Mohan, Christopher Suhar, Jamie Felzer, Deborah Heart and Lung Center, Browns Mills, New Jersey, United States.

Improvement of Mitral Annular Displacement and its Impact on Patients with Severe Aortic Stenosis after Transcatheter Aortic Valve Implantation: A Philippine Experience

Physiologic Effects of Exercise on the Right Side of the Heart as Evaluated Immediately after Stress Echocardiogram among Non-Professional Athletes
Joseph Raymond Cuaresma, Anthony King, Jr. Angeles University Foundation Medical Center, Angeles City, Philippines.

Bronchogenic Cyst Presenting as Right Atrial Mass in a 47-Year old Filipino Female

Multimodality Imaging Approach to the Diagnosis of Primary Pericardial Malignant Mesothelioma with Local Cardiac Chamber Spread: A Case Report

Usage of Longitudinal Strain Analysis in Monitoring And Decision Making in Weaning Vein—Arterial Extracorporeal membrane oxygenation (V-A ECMO) in Cardiogenic Shock
M. Najmi Hakim, Hardy Kwawal Adam Kwe, Amir Ikhwan, Dill Kumar Mairamuthu. National Heart Institute, Kuala Lumpur, Malaysia.

Mistaken Identity: A Case Report of Simultaneous Right Atrial Myxoma and Bilateral Pulmonary Inflammatory Myofibroblastic Tumor
Jhonna G. Marcelo, Frederick S. Gabriel. 1, Jose Donato A. Magno. 2, Randell S. Arias. 1, Laarnie N. Cabrera-Suia. 1, Philippine Heart Center, Quezon City, Philippines. 2, Angeles University Foundation Medical Center, Philippines. 3, University of the Philippines – Manila, Philippines.

Joan R. Montehemoso, Mildred Sayco-Perlas. Jose Reyes Memorial Medical Center, Manila, Philippines.

The Obesity Paradox: Improved Survival in Obese Compared to Non-Obese Patients with Medically-Managed Severe Aortic Stenosis and Preserved Left Ventricular Ejection Fraction
Nicholas Nguyen, Nicholas Cheow, Rebecca Teng, Benjamin YG Tan, Hui Wen Sim. 2, William KF Kong. 2, Tiong-Cheng Yeo. 2, Kian-Keong Poh. 2. 1National University Health System, Singapore, Singapore; 2National University Heart Centre, Singapore, Singapore.

Common Atrium and Single Ventricle Associated with Unusual Heterotaxy Syndrome: A Rare Complex Congenital Heart Disease in a 19-Year Old Filipino Patient
Madelene P. Pencio, Jason Roy M. Bacani. Philippine Heart Center, Quezon City, Philippines.

Myofibroblastic Sarcoma with Myxoid Features Mimicking Pulmonary Embolism
Maja Jhessica A. Pecson, Leilani G. Adama. Philippine Heart Center, Quezon City, Philippines.

Prosthetic Mitral Valve Endocarditis with Concomitant Embolism
Maja Jhessica A. Pecson, Ma Consolacion D. Torres. Philippine Heart Center, Quezon City, Philippines.

Pulmonary Artery and Pulmonic Valve Vegetations in a Young Pregnant Filipino with Patent Ductus Arteriosus
Jeanel L. Taquiso, Valeria R. Rapsano, Stephanie Martha O. Obilos, Charlie F. Agustiin, Jose Donato A. Magno, Eric Oliver D. Sison. University of the Philippines – Philippines General Hospital, Manila, Philippines.

Left Ventricular Free Wall Rupture with Pseudoaneurysm Formation from Penetrating Cardiac Injury
Janine Paula T. Rangel, Warren S. Rondilla. Philippine Heart Center, Quezon City, Philippines.

Incidence and Predictors of Tricuspid Regurgitation Determined by Two-Dimensional and Three-Dimensional Echocardiography after Permanent Pacemaker Implantation
Janine Paula T. Rangel, Viannely Beneye F. Flores. Philippine Heart Center, Quezon City, Philippines.

CHA2DS2-VASc Scores Predict All-Cause Mortality and Congestive Cardiac Failure Admissions in Patients with Moderate to Severe Aortic Stenosis
Zest Y-Long Ang, Ching-Hui Lin, Hui-Wen Sim. 1, Nicholas Jinghao Ngiam, Benjamin Yong-Qiang Tan, Tiong-Cheng Yeo. 2, William Kok-Fai Kong. 2, Kian-Keong Poh. 2. 1Yong Loo Lin School of Medicine, National University of Singapore, Singapore; 2National University Heart Centre, Singapore, Singapore; 3National University Health System, Singapore, Singapore.

When More Isn’t Better: A Quadricuspal Aortic Valve Mimicking Acute Coronary Syndrome
Debbie Lynn A. Udade, Jose Donato A. Magno, Edgar Wilson G. Timbol, Jose Eduardo D. Duya. Angeles University Foundation Medical Center, Angeles City, Philippines.

The Value of Global Longitudinal Strain (GLS) and Global Circumferential Strain (GCS) as a Predictor of Outcomes after Mitral Valve Surgery
Melinda A. Vencio, Edwin S. Tucay, Romano J. Santos. Philippine Heart Center, Quezon City, Philippines.

Contrast Enhanced Ultrasound (CEUS) of the Entire Heart with Investigational Contrast Bubble and Assessment with Commercially Available Speckle Tracking Strain Imaging Software Demonstrates Accurate Cardiac Function Measurements
Bruno Cotter, Monet Strachan, Anthony DeMaria, Joan Main, Chung-Hein Wang. 1University of California San Diego, San Diego, California, United States.

The Ominous Duo: Left Ventricular Non-Compaction and Pulmonary Embolism
Emily Mae Yap, Edvard Nino Gacrama, Ana Beatriz Medrano. Philippine Heart Center, Quezon City, Philippines.
Faculty Disclosures

The following faculty members do not have any relationships with industry/commercial supporters to disclose:

Joel Abanilla, MD, FPSE
Bonita Anderson, MAPPLSC, DMU, AMS, FASE, ACS
Smonporn Boonyaratavej, MD
Jonnie Bote-Nunez, MD, FPSE
Patrick Carpo, MD
Ronald Cuico, MD, FPSE
Aurora Muriel Gamponia, MD, FPSE
Loewe Go, MD
Raul Jara, MD, FPSE
Joyce Jumangit, MD, FPSE
Erwan Martanto, MD
Ly T. M. Nguyen, MD
Lerma Noval, MD
Mary Ong Go, MD, FPSE
Amiliana Soesanto, MD

The following faculty members do have financial relationships with industry/commercial supporters to disclose:

Joel Abanilla, MD, FPSE – Boehringer Ingelheim (Speaker / Speaker’s Bureau); GE Healthcare (Other (Educator or Honoraria)); Siemens Healthineers (Consultant, Advisor; Speaker / Speaker’s Bureau); Toshiba (Research Support, (Including PI))

James Thomas, MD, FASE – Abbott (Consultant, Advisor; Speaker / Speaker’s Bureau); Bay Labs (Spouse Employment Affiliation); Edwards (Consultant, Advisor; Speaker / Speaker’s Bureau); GE Medical (Research Grant Support, (Including PI)); GE (Research Grant, (Including PI))

The following members of the ASE CME Committee, Education Committee, and Board of Directors (Not serving as faculty) do not have any relationships with industry/commercial supporters to disclose:

Karlina Addetia, MD
Carolyn Altman, MD, FAHA, FASE
Bonita Anderson, MAPPLSC, DMU, AMS, FASE, ACS
Federico Asch, MD, FASE
Louis Bezold, MD, FASE
Lori Blauwet, MD, FASE
Merri Bremer, EDD, RN, RDCS, ACS, FASE
Andra Duncan, MD, FASE
Benjamin W. Eidem, MD, FASE
Gregory Ensing, MD, FASE
Alan Finley, MD, FASE
John Gorcsan III, MD, FASE
Tia Gordon, RDCS, FASE
Edward Gill, MD, FASE
Brian Holland, MD, FASE
Judy Hung, MD, FASE
Amer Johri, MD, FASE
Eric Kallstrom, ACS, RDCS, FASE
James Kirkpatrick, MD, FASE
Allan L. Klein, MD, FASE
Rebecca Klug, BA, RT(R), RDOSA, FASE
Chris Kramer, ACS, RDGS, FASE
Aparna Kulkarni, MD
Stephen Little, MD, FASE
Feroze Mahmood, MD, FASE
Elizabeth Mchwain, MHS, RCS, FASE
Preaveen Mehrotra, MD, FASE
Carol Mitchell, PhD, RDMS, RDGS, RVT, RT(R), ACS, FASE
Monica Mukherjee, MD, FASE
Raymond Musarra, RDGS, RCS, FASE
Alina Nicoara, MD, FASE
Maryellen H. Orsinelli, RN, RDGS, FASE
Renée Palmer, MD, FASE
Matthew Parker, MD
Priscilla Peters, BA, RDGS, FASE
Sue D. Philip, RCS, FASE
Juan Carlos Plana, MD, FASE
Nishath Quader, MD, FASE
Hedda Richards, RDGS, RCS, FASE
Geoffrey Rose, MD, FASE
Liza Sanchez, RCS, FASE

Elaine Shea, ACS, RCS, RCDS, FASE
Maya Skoczylas, RDGS, RVT
Timothy Slesnick, MD, FASE
Gembiga Sofowora, MD, FASE
Shubhika Srivastava, MD, FASE
Richard Stacey, MD, FASE
Madhav Swaminathan, MD, FASE
Carolyn Taylor, MD, FASE
Richard Weiss, MD, FASE
Bryan Wells, MD, FASE
David Wiener, MD, FASE
Danita Yoerger Sanborn, MD, FASE

The following members of the current ASE Education Committee and Board of Directors (Not serving as faculty) have relationships with industry/commercial supporters to disclose:

Keith Collins, MS, RDGS, FASE
– IBM (Stock Ownership)
Sabe De, MD, FASE – Astra Zeneca (Speakers Bureau); Bayer (Speakers Bureau)
Jonathan Lindner, MD, FASE – GE Healthcare (Research Grant, (Including PI))
Margaret Park, BS, ACS, RDGS, RVT, FASE
– Davis Publishing Inc. (Royalty, Patents)
William Perez, MD, MA, FASE – Alibaba Holdings (Stock Ownership); American Energy Industries (Stock Ownership); Myriad Genetics (Stock Ownership)
Vera Rigolin, MD, FASE – Pfizer (Stock Ownership)
Douglas Shook, MD, FASE – Edwards
Life Sciences (Research Grant Support, (Including PI)); Liva-Nova (Education); Boston Scientific (Education); Edwards Lifesciences (Consultant/Advisor)
Raymond Stainback, MD, FASE
– GE (Stock Ownership)

All members of the ASE staff who were involved in the planning and implementation of this activity do not have any relationships with industry/commercial supporters to disclose:

Christina LaFuria, Director of Education
Mary Lawson, CME Coordinator
Jaclyn Levine, Meeting Planner
Erin McClure, Director of Meetings
Andie Piddington, Corporate Relations Manager
Andrea Van Hoeve, Deputy Director
Robin Wiegerink, MNPL, Chief Executive Officer
